

GAYATHRI N

Information Technology Student | Software Developer

Chennai, Tamil Nadu 600 099 | +91 9500018677 | gayathrinandhu26@gmail.com | linkedin.com/in/Gayathri-N

PROFESSIONAL SUMMARY

Motivated B.Tech Information Technology student (CGPA: 8.34) with hands-on experience in Java, Python, AWS Cloud, AR/VR development, and database management. Proven track record of delivering published research projects and real-world internship solutions. Seeking an entry-level software development role to apply technical skills and contribute to organizational growth.

TECHNICAL SKILLS

Programming Languages: Java, Python

Web Technologies: HTML, CSS

Database: MySQL, SQL

Cloud Platform: AWS (EC2, Lambda)

Technologies: AR/VR, Flutter, RFID

Tools & Frameworks: Advanced Java with Frameworks, MATLAB

Spoken Languages: English, Tamil, French, Hindi

PROFESSIONAL EXPERIENCE

Vectra Technosoft Pvt. Ltd.

Jan 2026 – Feb 2026

Cloud Automation Intern – Automate EC2 Start/Stop Using AWS Lambda

- Designed and implemented an automated scheduling solution using AWS Lambda to start and stop EC2 instances based on predefined time schedules, eliminating the need for manual intervention.
- Reduced cloud infrastructure costs and manual operational effort by optimizing EC2 instance uptime, improving overall resource management and operational efficiency.

Hackwit Technologies Pvt. Ltd.

Jul 2025

AR/VR Game Development Intern – Driving and Racing Game

- Designed and developed an Augmented Reality (AR) and Virtual Reality (VR) driving and racing game featuring realistic physics engine, AR surface detection, and immersive VR environments.
- Implemented multiplayer functionality using modern game development frameworks and AR/VR technologies, delivering an engaging and interactive user experience.

PROJECTS

Interview Preparation and Internship Finder App

Jan 2026 – Apr 2026

- Developed a Flutter-based mobile application enabling students to discover internship opportunities and access curated interview preparation resources.
- Implemented user authentication, profile management, internship listing, and a clean responsive UI; research published in the International Journal of Computer Techniques (IJCT), May 2026.

Cloud-based File Sharing System with Network Security

Jul 2025 – Nov 2025

- Built a secure cloud-based file sharing platform allowing users to upload, store, and share files with robust authentication and access control mechanisms.
- Implemented data confidentiality and integrity protocols during file transmission and storage; research published in the International Journal of Computer Techniques (IJCT), Jul 2025.

RFID Door Lock System

Jan 2025 – Apr 2025

- Developed an RFID-based smart door lock system providing keyless, secure access control by authenticating authorized users via RFID cards/tags.

- Replaced traditional key-based entry with automated unlocking, enhancing physical security and reducing maintenance overhead.

EDUCATION

Bachelor of Technology – Information Technology

Aug 2023 – Present

Sathyabama Institute of Science and Technology, Chennai

CGPA: 8.34 (Current)

10th & 12th Standard

2023

St. Johns Matriculation and Higher Secondary School, Chennai, Tamil Nadu

CERTIFICATIONS & TRAINING

- Artificial Intelligence – Unlox Academy (In Progress)
- Advanced Java with Frameworks – Certification
- Design Thinking: A Primer – NPTEL (Jan 2025)
- MATLAB Onramp – MathWorks (Feb 2024)
- Python 101 for Data Science | Data Science 101 | SQL and Relational Databases 101 – IBM (Dec 2024)

PUBLICATIONS

- "Interview Preparation and Internship Finder App" – International Journal of Computer Techniques (IJCT), May 2026.
- "Cloud-based File Sharing Systems with Network Security" – International Journal of Computer Techniques (IJCT), Jul 2025.

PROFESSIONAL MEMBERSHIPS

- Member, The Institution of Engineers (India) – IEI (Valid through 2027)
